My checkmark signifies our school requests entry into the 2010 National Raider Challenge Championships competition. We have enclosed our **School Registration Fee of \$75.00 per entered TEAM** (payable to *Sports Network International*) for the event. We understand we will submit **\$15 Team Package Fee for every competition eligible cadet** at the required time in early October as outlined within the event Rules & Procedures. I further understand that this School Registration Fee submitted with this form is non-refundable once our school is accepted into the competition. If the registered school is not accepted into the Raider Nationals competition for any reason, the School Registration Fee will be completely refunded within 10 business days.

PLEASE CHECK THE EVENTS YOU PLAN TO ENTER. MAXIMUM ONE TEAM allowed per division*. Schools failing to enter all competition events in a division will likely NOT be accepted initially as they do not compete for an overall title.
 ~ ~ No single cadet may compete for more than one team. Cadets CAN enter all events in a single Division. ~ ~
