

## **ARMY NATIONALS INSPECTION QUESTIONS**

*To ensure the Unit Inspection competition verbal interaction stays relevant to the JROTC cadet and their instruction, the Army Drill Championships will now maintain a sourced group of questions the judges will be prescribed to use taken largely from Army classroom materials, as well as a few other tightly defined areas. These questions will be part of a 5,000 item database compiled for the event. These questions will not be provided to any schools or other individuals in advance. Therefore, cadets will not be given a list of questions to memorize but rather broad topic areas that cadets in a quality citizenship program should be well versed within.*

### **THE TOPICAL AREAS IN USE FOR THE ARMY NATIONALS INSPECTION WILL BE AS FOLLOWS:**

- **LET 1 - Unit 1/Chapter 1/Lessons 1 through 8**  
Citizenship in Action 1
