## BE A PART OF THE NATIONALS AS AN **INTERNSHIP SCHOOL** OR **MENTORSHIP SCHOOL**

The NATIONALS Internship school allows a NON-COMPETING JROTC program to serve as support staff behind the scenes at the Nationals Championship Weekend! Scoresheet running and judge interaction, as well as other areas of event support are a part of the Nationals Internship School Program. Sports Network will provide basic training & supervision, as well as many other "freebies" for the attendees and instructors. For teams looking for a more intense, drill-based experience, schools may look at attending the event as a NATIONALS Mentorship School. These drill-hungry schools will attend the event and be paired with an attending Masters Level drill program where they will mirror this team in much of their Nationals experience, learning as they go from some of the best drill teams in the Nation!

Internship schools and Mentorship Schools receive numerous benefits that are too much to mention here. Please contact SNI at the locations listed below for details on these two fantastic programs!

**Our school is interested in serving as an INTERNSHIP SCHOOL at the Nationals.**

**Our school is interested in serving as a MENTORSHIP SCHOOL at the Nationals.**

Feel free to call if you have any questions. If you mark the space above, we will call you with further information if volunteer spaces are still available.
