All events except Inspection will be video recorded and uploaded to SNI no later than April 15, 2021. Upload instructions will be emailed to schools by April 1st. We will provide specific filming guidelines with the SOP. You will need an impartial observer to document that each event was filmed in one take (you are not allowed to film many times and submit the best one). You get one chance just as you would if you were stepping on the floor at competition. Routines will be scored by the judges in Daytona Beach and although the Virtual entries will be judged against one another, you will be able to compare your results with the in-person NHSBTC routines to see how you may have stacked up if you had attended in person. The NHSBTC Virtual Champions will be determined using Regulation/Color Guard/Team Exhibition scores within each division (Armed and Unarmed). For more information visit: <https://thenationals.net/nhsbtc.htm>

Inspection is planned to be a scheduled event on April 30 or May 1 where cadets are inspected via live video by on-site judges during the Daytona Nationals. This is a "demonstrator event" and is the first time this type of live-by-video judging has been attempted and therefore those scores will not be included in the Overall calculations. We are hoping to overcome any technical challenges this type of event would provide and make this an annually included option.

**We will enter your registration into the MySchool online system and contact you by email with instructions for how to sign into your account and pay your registration fee.**
