Instructions: We suggest you follow the examples shown on the reverse side when designing your trophy plate. Please consider that the more letters you have on each line, the smaller the letters will have to be. We will contact you if your lettering presents any difficulties. Should you wish to order more than one trophy or several identical trophies (where only the name changes on each trophy - such as for a whole team's cadets), please attach an additional page and explain your requests thoroughly. You are welcome to photocopy this order form and submit one page per trophy.
