The NHSDTC trophies are a lasting symbol of excellence. Whether you are looking for modern elegance or traditional patriotism, these Eagle awards are among the most affordably price products you can find anywhere, locally or on the internet! Produced in resin, these awards make a stylish keepsake that accents any decor. The multiple eagle figures available through the Nationals Awards & Trophies come in various sizes & budgets. Reward a cadet for years of work, thank a donor or instructor, all of these are possible with these fantastic awards!

All trophies include a fully personalized plate **at no additional charge!** The exact size and number of lines/letters that each trophy plate may host is fully outlined on the Nationals [Trophy Pictures Page](#) on the National Award & Trophy Website. Different trophies maintain differing base sizes so please read this carefully before deciding on a trophy and then submitting this order form.

Both a serified (Times Roman) and non-serified (Tahoma) font is available to choose as well for your engraving. The Pictures Page has a suggested font for each trophy, but know that you may select EITHER font. If you do not choose a font, we will select the font we believe will look best!

Please see the following page for complete ordering instructions.

NOTE: Custom orders are welcome – simply contact Sports Network International for details!
